Demo Day and Mentorship Session - Alumni Interactive session

Name of the event: Alumnus Interactive Session

Date of the event: 28th November 2019

Venue: Teqip Room 406, Jadavpur University

Brief description of the event: With Ujjawal Kumar, one of the founding members of Jadavpur University Entrepreneurship Cell, who is also an alumnus of Jadavpur University, Power Engineering Department (Graduate of batch 2014-2018), the new recruits of JU Entrepreneurship Cell had an opportunity to have an interactive session over a hosted video call.
The JU Ecell got allotted a projector with our support from the college authorities, through which we could host the large interactive meeting. Mr. Kumar not only spoke about the blood and sweat he had put in to build this organization, but he had also spoken about the importance of social entrepreneurship ventures and community building. His speech was greatly inclined to the importance of "people", the ultimate consumers and the impact brought to them by a service or product an entrepreneur presents. The session was very enlightening and motivating.

Dignitaries (if any):

1. Mr. Ujjawal Kumar, Co-founder JU Ecell, Alumnus of Jadavpur University
