

Event Report

Organised by: IIC

Title of the Session: Inauguration of IMechE JU chapter and Presentations by Students

Date and Time of Organization: 10:00 am - 6:00 pm, 15.10.23

Venue: Seminar Hall, Mechanical Department, Jadavpur University, Jadavpur

Brief Intro of Program:

The Event was organised to mark the Inauguration ceremony of IMechE JU chapter and presentations on use of mechanical engineering for sustainable development and growth of the society.

Speakers: Md Ameen shaikh (IMechE India)

Faculty Coordinator in Charge: Pranibesh Mondal and Paltu Dhal

Student Coordinator in Charge: Asif Ali (Mechanical Engineering UG3)

Detailed Report:

The Session started with an address by the President of Jadavpur University's Institute's Innovation Council, Dr. Rajib Bandopadhyay regarding the origin of the mechanical

engineering department of the university and the numerous contributions to the departments in the field of research and welfare of the society. This was followed by the keynote address by the HOD of the mechanical department,

prof. Amit Karmakar focusing on the ongoing researches and discoveries being done by the students, faculty members and alumni of the department.

Post this stage was taken by Md Ameen shaikh. He started by telling about the origin of the "Institution of mechanical engineering" based in the UK and It's Indian branch too. Then continued by explaining How IMechE society works and what are the perks members will get by joining this society.

In the end of this event there were presentations showcased by the students stating the use of different aspects of mechanical engineering that can be used to met with the goals of sustainable development and growth of the world.
